THINGS YOU CAN DO TO TAKE TERBINAFINE SAFELY

1. Let your doctor know if you have any liver or kidney problems, or a skin condition called psoriasis.
2. Discuss with your doctor or pharmacist if you are concerned about any side effects you experience.

Let your doctor or pharmacist know immediately if you have

1. Mouth ulcers, fever, sore throat.
2. Stomach pain, yellowing of eyes or skin.
3. Skin rash.

Remind them you are taking terbinafine.

Tell your doctor and pharmacist about all of the medicines you are taking

1. Terbinafine can be harmful when taken with some other medicines, like antidepressants and heart medicines.

Do not take any more than your doctor has asked you to

1. You may not notice an improvement until after you have finished all of your medication.
